

Warren County Taxpayers may see an increase in their property taxes this year.

Due to recent legislation, for parcels that qualify as a homestead, the homestead supplemental credit is calculated differently now. In the past, the supplemental credit was based on parcel location and homesteads in that specific neighborhood. Therefore, the percentage of credit varied from one neighborhood to another. The percentage rate is now uniform throughout the county. If you have further questions, please contact your State Legislator.

Philip Boots – State Senator- 800-382-9467

Sharon Negele – State Representative -800-382-9841

Alan Morrison – State Representative - 800-382-9841
